

New Rioting At Italian Prisons

ROME (AP) — Disorders broke out in two more Italian prisons today.

Police tear gas and clubs drove more than 100 rioting convicts back into their cells in Brescia.

In Ivrea, near Turin, 50 convicts went on a hunger strike, squatting in the prison yard all night. The only woman in the jail also refused food but remained in her cell, the first woman convict to take part in the series of mutinies that started Saturday.

Another revolt hit the prison in Bari Tuesday, on the heel of the Italian boot. About 150 prisoners set fire to the infirmary and the tailor shop, but police finally herded them back to the cells.

Surrender

Other prisons rang with shouts of solidarity for the rioters who wrecked prisons at Turin and Milan before they were forced to surrender. More than 2,000 of these rioters were transferred in chains and handcuffs to some 20 other jails across the nation, creating tinderbox situations in their new lodging places.

The prison revolts started at Turin Saturday after a false rumor that guards had killed

three prisoners. But for months prisoners have demanded a revision of the penal code; bigger, warmer and cleaner cells; better food and more fresh air. News of the Turin outbreak fueled unrest at other jails.

More than 1,300 prisoners rioted at Milan's San Vittorino prison Sunday and Monday, damaging much of the compound beyond repair. A riot in the Genoa prison involved only about 50 men and lasted only a few hours.

Reform!

At Udine north of Venice, prisoners snake-danced through their recreation area Tuesday night chanting "Reform! Reform!"

Inmates at the nearby Treviso prison signed a letter to their warden urging swift reform of the penal code—"always promised, never effected."

In Padua, 250 convicts staged a sympathy work stoppage. Government officials and prison wardens took a new look at proposals for prison reform. Undersecretary of Justice Renato Dell'Andro chaired a roundtable discussion in Rome Tuesday night. He urged lighter sentences for young offenders and greater stress on educating prisoners for a useful life after they finish their terms.

ROBERT P. MAYO, Director of the Budget, briefs newsmen yesterday at the White House on details of budget cuts proposed by President Nixon. Charts show changed budget totals for 1970 and outline the totals and shift in surpluses during the 1968-1970 period. (AP Wirephoto)

Pentagon Confirms Shooting Of Plane

Knowles Places Counties In Flood Disaster Area

By The Associated Press

The exodus of thousands of persons displaced by normally tranquil rivers gutted by snow-melt pouring down from Canada continued today throughout the upper Midwest.

Spring floods have caused eight deaths in Minnesota and damage was more than \$5 million in five states.

In parts of Minnesota and North Dakota, where swollen rivers already had overflowed, residents braced for possible showers and further inundation.

The governor of Wisconsin declared 13 counties in the northwestern section of the state disaster areas as the Mississippi River grew in depth and breadth.

The U.S. Army Corps of Engineers at St. Paul, Minn., reported that the river surged past the city at the rate of 1.25 million gallons a second—15 times the average flow.

Cut Rail Services

The Mississippi rose to 10.5 feet above flood stage and rail service in St. Paul remained sharply curtailed because of flooded tracks and switching yards.

Thousands of persons fled Tuesday from their homes in North Dakota's three largest cities, as two ordinarily calm rivers swelled to up to 50 times their normal width.

The Red River of the North was less than 1 inch below the highest level of the century at Grand Forks, as it approached a crest of 46 feet—18 feet above flood stage.

In Fargo, 75 miles upstream, the river topped at 20 feet above flood level, driving hordes of rats into the city of 48,500.

Closes College

Across the river at neighboring Moorhead, Minn., Concordia College closed for a week as flood waters swirled through basements and tunnels connecting school buildings.

Authorities ordered one-third of the 35,000 residents of Minot, N.D., evacuated in advance of a 22-foot crest expected to surge down the Souris River.

Gov. William L. Guy urged President Nixon to designate the state a disaster area and

said: "Destruction in many communities is greater than any in history."

Floodwaters continued receding along the Big Sioux River and the Des Moines River, which were on a rampage last week, damaging communities in South Dakota and Iowa.

Communities along the Mis-

issippi in Wisconsin, Iowa and Illinois continued feverish preparations for the big crest expected later this month.

In the South, a level of 10 feet above flood stage was forecast Thursday for the Tombigbee River at Gainesville, Ala., where moderate to heavy flooding occurred last week following heavy rains.

Ferndale School Cited For Illegal Segregation

FERNDALE, Mich. (AP) — All 365 pupils in U.S. Grant elementary school are Negro.

The federal Office of Education says it constitutes illegal segregation. The Ferndale School District, the first in the North to be threatened with loss of federal funds, agrees that it's segregation, but denies it's illegal.

The Office of Education issued an order Tuesday designed to force the integration of Grant pupils with about 4,100 children in nine other district elementary schools.

"We know there's segregation," Supt. John J. Houghton said, "but it's a de facto nature. The school was built to meet an existing need and the population pattern that developed around it resulted in the fact that it is completely Negro today."

Negro Concentration

Leon E. Panetta, director of the Office of Education's civil rights office, said the segregation of Negro pupils in Grant started when the school was built in 1926 as a deliberate effort to establish and maintain a discriminatory policy.

The school is in Royal Oak Township. Aside from a small portion of Ferndale, it is the only area in the school district with a large concentration of Negroes.

The district—comprised of most of the city of Ferndale, Royal Oak, and parts of two adjacent cities—has a total of 8,170 students, 740 of them Negro.

Object To Conclusion

Houghton said one other elementary school has 27 Negro pupils, and two others have one Negro pupil each. The remainder of the Negro pupils in the district attend the junior high school and the senior high school.

Burton Shifman, attorney for the district's school board, will meet with federal officials Monday to discuss the case.

"We have very little disagreement with the facts as the government presented them," he said. "We do disagree with the conclusion that the situation is deliberate."

Czech Students Stage Boycott

PRAGUE (AP)—Agricultural students boycotted classes today to protest renewed censorship, official interference in sport and "strengthening of Soviet military forces in Czechoslovakia."

A strike proclamation also protested "the demonstration of military strength before an important party session." The strike was scheduled to run through Thursday, when the 190-member central committee of the Communist party holds a crisis session.

The proclamation was posted briefly in Prague's central Wenceslas Square, but a policeman tore it down. Scores of passers-by read the statement and one man penciled a line under the demand in it for an election, postponed by the Soviet invasion last August.

No classes were meeting at the modernistic agricultural college outside Prague. About 300 students were printing posters and leaflets or holding meetings.

The strikers said they wanted "to prove to ourselves and the public that we are not yet morally dead."

Find Body Of Young Girl; Death Similar To 4 Others

YPSILANTI (AP) — The partially nude body of a young girl, with an electric cord around her neck, was found today in the area where four other girls were murdered in the past two years.

The victim was identified as 13-year-old Dawn Basum of Ypsilanti, who had been reported

missing by her mother last night.

Eight-inch-long gashes were carved on her chest and stomach with a sharp instrument, reported Washtenaw County Sheriff Douglas J. Harvey.

"It was a vicious and brutal killing," Harvey said. He indicated the evidence showed similarities to the other slayings.

Four other girls in the Ann Arbor-Ypsilanti area of southeast Michigan have been murdered in the past two years in cases that have baffled law officers.

An area resident, who was not identified by police, discovered the latest victim enroute to work today on a lonely dirt road.

The body was sent to the nearby University of Michi-

gan Hospital for an autopsy to determine the cause of death.

Police sealed off about a square mile around the scene, barring newsmen and others from the area. A meeting of law enforcement authorities involved in the investigation was to be held later today.

The victim, clad only in a short sleeved white shirt, was lying on her back at the shoulder of a dirt road, about three miles north of Ypsilanti.

An electric cord was wrapped around her neck and she had a white cloth jammed into her mouth, reported Sheriff Harvey.

Details of the murder resembled the March 25th death of 16-year-old Maralyn Skelton of Romulus.

Harvey said the body apparently was dumped at the road

sometime after dark last night.

One black strap shoe was found near the body. Another shoe was found a mile south of the road.

Miss Skelton's badly beaten body was found about two miles distant. The body of Mary Fleazar, 19, an Eastern Michigan University coed, was left less than a mile away in August, 1967.

Big Postal Rate Hike Is Coming

WASHINGTON (AP) — Postmaster General Winton M. Blount announced Tuesday the Nixon administration will propose a postal rate increase even larger than the hike suggested by former President Lyndon B. Johnson.

He declined to spell out details however, pending presentation to Congress late this week or early next week.

Blount said the decision came after three months of studies to "determine if cost reduction could offset the necessity for the increase."

Outlining changes in the fiscal 1970 budget, the postmaster general said these would reduce a projected record deficit of \$1.3 billion by \$140 million.

Only \$48 million of this amount, however, would come through cuts in planned expenditures.

Blount said another \$72 million represents anticipated revenues from air mail "which will accrue as a result of our decision not to eliminate this category as recommended in the original budget proposal."

The remaining \$20 million, he said, will come from the department's proposal to increase charges for special services.

One of the planned hikes, Blount said, will be an increase from six to seven cents for postage on first class letters, as recommended in Johnson's budget.

Other recommendations are still being reviewed, he said.

Cambodia To Resume Relations With U.S.

PHNOM PENH, Cambodia (AP)—Cambodia's chief of state said today he would resume diplomatic relations with the United States now that the U.S. government has recognized Cambodia's frontiers.

Prince Norodom Sihanouk said charges d'affaires would be exchanged, a step short of exchanging ambassadors again.

"We thank the United States, President Nixon and the great American people for this gesture of equity and justice toward Cambodia," said the prince.

Sihanouk hedged this with an expression of hope that American maps soon would show disputed islands off the Cambodia coast as part of Cambodia and not Vietnam. "This is my only reservation for the future," he said, adding if this "rank error" persists, it would remove all value from the statement recognizing Cambodia's frontiers.

The Saigon government swung into line with its allies in Wash-

ington. The South Vietnamese said they were "ready to reconsider" their frontier problems with Cambodia, their neighbor on South Vietnam's southwest.

A communique from the South Vietnamese Foreign Ministry lauded the statement last Saturday in which the U.S. government said it recognized "the sovereignty, independence, neutrality and territorial integrity of the kingdom of Cambodia within its present frontiers."

The South Vietnamese statement did not go this far but said Saigon "is ready to reconsider the problem concerning the two countries and welcomes any suggestion suitable to the two countries' interest."

"The Republic of Vietnam," it continued, "advocates establishing diplomatic relations with free countries in the world and particularly with neighboring countries."

Relations between South Vietnam and Cambodia were broken off after Ngo Dinh Diem became president in 1955.

Aquanauts End 60-Day Dive

ST. JOHN, V.I. (AP)—Four aquanauts climbed out of a decompression chamber Tuesday night for their first breath of fresh air in 60 days and an end to a record-breaking underwater stay on the ocean floor.

The men spent 19 hours in the chamber after being brought up from their special habitat to give their bodies time to readjust to normal air pressure and prevent them from getting the bends.

The four, Richard Waller, crew chief of the mission; Conrad Mahnklin, John Van der Walker and Edward Clifton, appeared to be in good health.

President Nixon cabled them congratulations on "their record breaking venture to inner space."

Officials said only nuclear-powered submarines, including one that circumnavigated the globe under water, have kept men submerged for longer periods.

Waller said the he felt the mission, to determine whether man is able to perform scientific tasks while living isolated on the ocean floor, was a success.

Today's Chuckle

Many a woman thinks she bought a new dress for a ridiculous price when in reality she bought it for an absurd figure.

Weather

ESCANABA AND VICINITY—Mostly cloudy today and tonight becoming partly cloudy Thursday afternoon. High today about 60, low tonight in the upper 30s and high on Thursday about 60. Friday's outlook: partly cloudy with little temperature change. The highest temperature yesterday was 47 and the overnight low was 38. Winds will be variable, mostly 5 to 15 mph today. Precipitation probabilities: today, tonight and Thursday, 20%. Precipitation in the past 24 hours was 0.06 of an inch.

Upper Peninsula — Mostly cloudy and cooler this afternoon and tonight becoming partly cloudy Thursday. Chance of some light rain or drizzle at times this afternoon and tonight. Highs this afternoon will be 48 to 58, lows tonight 33 to 43, highs Thursday 50 to 60. Sun sets today at 6:36 p. m., and rises Thursday at 4:59 a. m.

Nixon's Job Corps Plan Gets Test In Congress

WASHINGTON (AP) — The first congressional test of President Nixon's plan to shut down more than half of the nation's Job Corps centers opened today in a most unfriendly forum.

Rep. Carl D. Perkins, D-Ky., one of the most outspoken critics of the President's proposal, scheduled hearings of his Education and Labor Committee today with the express purpose of stopping the closings.

In Labor Dept.

Besides trying to reverse the decision to shut down 59 of the 113 centers, Perkins has said he wants to keep Nixon from moving the Job Corps and the Head Start program out of the Office of Economic Opportunity into

other federal agencies.

Perkins and other critics of the administration's plans say the elimination of the centers and the transfer of administrative authority would gut the program.

Job Corps will become the responsibility of the Labor Department July 1, and it was Secretary of Labor George P. Shultz who announced the closings last week, saying the move would save \$100 million. Thirty new day-time-only centers are to be opened in cities, changing the program's focus to industry instead of conservation.

Political

Perkins has contended the transfers—Head Start is to go to

the Department of Health, Education and Welfare—are politically motivated and an attempt to kill OEO. Without those two programs, he says, OEO would have little chance of surviving in Congress.

"We're going to put Head Start and the Job Corps back in the OEO," he vowed two months ago, "and we're going to repeal the provision giving the President authority to make transfers out of the OEO without congressional approval."

The Kentucky Democrat is counting on the support of nearly all the other Democrats on his committee, but such a bill's fate on the floor is far from certain.

Arab Guerrillas Reject Proposal

By The Associated Press

Five Arab guerrilla organizations have rejected King Hussein's six-point Middle East peace proposal and renewed their demand for war against Israel.

The guerrillas, who long have sworn to fight until Israel is destroyed, rejected "each and every point" in the plan Hussein outlined in a speech in Washington last week. They also rejected all other plans for a political settlement with Israel.

FORMER MARINE Frank Kulak, 42, left, is escorted at felony court in Chicago yesterday by bailiff Robert C. Craer, where Kulak was arraigned on two counts of murder and ordered held without bond. Kulak, veteran of World War II and Korea, was charged with murder in connection with the killing of two policemen who went to his south side flat to question him about the bombing of a department store. Kulak held off police for six hours with rifle and pistol fire and homemade bombs until he surrendered. (AP Wirephoto)

Soviets Recover Debris, Report No Survivors

WASHINGTON (AP) — The Pentagon said today all available evidence supports the North Korean claim it shot down a huge U.S. Navy reconnaissance plane over the Sea of Japan. There apparently were no survivors, it added.

An earlier statement reported a Soviet ship, assisting in the massive sea and air search for the EC121, had recovered what it described as airplane parts, but none of the 31 crewmen, in the sea 120 miles off the North Korean coast.

"All evidence now available to us, including North Korean claims and debris sightings, leads us to believe that the aircraft was shot down by North Korean aircraft," the later statement said.

Deny Intrusion

Read by Pentagon spokesman Daniel Z. Henkin, it offered no details on how the plane was destroyed, whether by aircraft cannon fire or plane-launched missiles.

The 3½-page statement also avoided any discussion of political or diplomatic ramifications. It was read as President Nixon was meeting with the National Security Council.

North Korean radio broadcasts monitored in Tokyo said the intelligence-gathering plane intruded into North Korean airspace. The Pentagon denied it, saying the plane had been ordered to get no closer than 50 nautical miles to North Korea which claims 12-mile territorial waters.

Henkin said the flight, and others like it, was approved by "high government authorities in the State and Defense Departments, the Joint Chiefs of Staff and the White House."

In its later statement, it amplified its contention the plane never entered North Korean airspace saying: "From a variety of sources, some of them sensitive, we are able to confirm that at all times during its mission the aircraft was far outside any claimed territorial air space of North Korea."

150 Miles Away

The Japanese Defense Agency said earlier today an American military radar in South Korea spotted a falling U.S. plane after it made contact with intercepting North Korean fighters.

The report said the plane was seen contacting the North Korean plane over the Sea of Japan about 150 miles southeast of Chongjin, a North Korean port.

Pentagon sources said the four-propeller, unarmed aircraft flying out of Atsugi, Japan, was monitoring North Korean radio messages and studying radar stations in its air defenses. Henkin called it a routine reconnaissance mission.

"Reconnaissance missions of this type have been flown for more than 20 years in the Sea of Japan," he said. "There was nothing unusual about this mission." But he gave no detail.

Similar Flights

Henkin said the 300 mph craft, too slow to escape the supersonic MIG aircraft possessed by North Korea—was in communication with its base in Japan during the reconnaissance flight which began at 5 p.m. Monday, Korean time.

He disclosed that during the first three months of 1969, there were 190 similar flights conducted by U.S. aircraft in the general area off North Korea's coast.

Henkin's announcement was mainly a recount of the widespread search operation focused on an area about 95 to 100 nautical miles southeast of Chongjin.

In the earlier statement, the Pentagon also reported on the search efforts but said, "regrettably there is no report of any survivors."

No Survivors

"Direct communication has been established between one of the Soviet destroyer-type ships in the search area and a U.S. aircraft from Korea," it added. "The Soviet ship said in response to questions that it had not recovered or seen any survivors but that it had picked up what it reported to be aircraft parts."

The Pentagon said U.S. aircraft flew low over the Soviet ship and photographed the de-

End Those Tax Variances?

Advocate Assessor For Entire County

Should the assessing of property (both real and personal) for tax purposes in Delta County be a county-wide, county-level function?

City Manager George Harvey of Escanaba thinks so, and has suggested that the five-man Delta County Board of Supervisors act to establish an assessing department that would bring a greater equality and less variance in taxing among the governmental units of the county.

In a news letter to the City Council, Harvey suggests that the County Board of Supervisors "should undertake a complete study of the assessing function throughout the county."

"Presently, the township supervisor assesses for his township. The city of Gladstone and the City of Escanaba each have an assessing department."

Under One Roof

"The cities and townships would pay their pro-rata share to the county for this assessing function and thereby would place it under one roof, under one command, and all subordinate units of government would, in effect, pay their share of the operation of this department," Harvey concluded.

Escanaba's official interest in an equitable county-wide assessing system is generated and strengthened by Escanaba's position as the major contributor to the county's budget.

Escanaba taxpayers not only pay for their own city assessing system but their county tax dollars go to maintain in part the operation of a county equalization department whose primary responsibility is to the townships. Gladstone also has its own assessor.

Cities Pay Most

Delta County has a total assessed and equalized valuation of \$96,473,325.

Of this total, the township's valuation is \$47,368,675 and the cities of Gladstone and Escanaba combined of \$49,104,650—some \$2 million more than the townships. Escanaba has an assessed valuation of \$38,983,750 and Gladstone \$10,120,900.

While the establishing of assessing as a county-wide, county-level function could be done by mutual agreement among the cities and townships, the law presently makes supervisors in each of Delta's 14 townships responsible for assessing within their townships.

They are assisted by the county's equalization department tax director. Until the state statute is changed, supervisors are the only legally recognized assessing officers in Michigan townships.

Pollution Control Film To Highlight Masonic Program

J. Wesley Shaw

Members of Masonic Lodge 396 will learn what the oil, automobile and steel industries are doing to combat air pollution when they view the film "To Clear the Air" at their Past Masters' Banquet 6:30 p.m. April 17 in the Gladstone Masonic Lodge.

Recently produced by the American Petroleum Institute's Committee on Public Affairs, the 22-minute color film appraises what air pollution is, variations in causes of and solutions to the problem, and the high cost of cleaning the air.

J. Wesley Shaw, civic affairs coordinator for Marathon Oil Co., will comment upon the film and answer questions.

Shaw, who for two years was on special assignment concerning air and water conservation to the Institute in Washington, D.C., recently was assigned to Marathon's Michigan refining division as civic affairs coordinator. Prior to joining the company in 1961, he served as chief smoke inspector for the City of Detroit.

position as the major contributor to the county's budget.

Escanaba taxpayers not only pay for their own city assessing system but their county tax dollars go to maintain in part the operation of a county equalization department whose primary responsibility is to the townships. Gladstone also has its own assessor.

Cities Pay Most

Delta County has a total assessed and equalized valuation of \$96,473,325.

Of this total, the township's valuation is \$47,368,675 and the cities of Gladstone and Escanaba combined of \$49,104,650—some \$2 million more than the townships. Escanaba has an assessed valuation of \$38,983,750 and Gladstone \$10,120,900.

While the establishing of assessing as a county-wide, county-level function could be done by mutual agreement among the cities and townships, the law presently makes supervisors in each of Delta's 14 townships responsible for assessing within their townships.

They are assisted by the county's equalization department tax director. Until the state statute is changed, supervisors are the only legally recognized assessing officers in Michigan townships.

Food And Drink Dispensers Need Licenses May 1

Food service establishments and operators of vending machines dispensing perishable foods and beverages must be licensed and inspected by the Delta Menominee Health Department under a new law that becomes effective May 1. The U.S. Public Health Code authorizes the inspection.

Applications for licenses must be processed through the Health Department, Lansing for computer handling before the license is issued and mailed to the operator.

License fees set by the Delta County Board of Supervisors are: Food establishments with seats for up to 50 — \$10; 50 to 100, \$15; food vending machine locations \$2, temporary food concession licenses \$5.

Mrs. E. Seymour, Former Resident Dies Tuesday

Mrs. Edward (Louise) Seymour, 65, of Duluth, Minn., formerly of Escanaba died Tuesday morning. She had been a frequent visitor here. Her husband preceded her in death.

Survivors include three sisters, Mrs. Caroline Pepin, Mrs. Homer (Vida) LaCrosse and Miss Laura Parent, all of Escanaba and a brother, Joseph Parent, also of Escanaba.

Funeral services will be conducted Thursday in Duluth and Mrs. LaCrosse, Miss Parent and Joseph Parent have left to attend the services.

SPEAKERS AT A legislative conference conducted by the Dickinson County Area Chamber of Commerce in the Dickinson Hotel, Iron Mountain Tuesday were, from left: Glenn C. Neff, president of the Iron Mountain Chamber; William A. Wickham, general legislative counsel of the Michigan Chamber; Robert L. VanAusdall, district manager of the United States Chamber, and Carl L. Jorgenson, manager of the public affairs department of the Michigan Chamber.

Gov't Costs Spur Change

By JEAN WORTH

IRON MOUNTAIN — The effort to modernize local government got a blessing from the Michigan State Chamber of Commerce at a breakfast meeting on Legislation sponsored by the State Chamber and the Dickinson County Area Chamber of Commerce at the Dickinson Hotel on Monday.

Robert Van Ausdall, Michigan representative of the U.S. Chamber, was the speaker on government modernization. He told the businessmen that the Nixon Administration had not moved yet on legislation on secondary boycotts, which is a crucial economic issue with high inflation potential.

"Peter Drucker in his book, 'Sickness of Government,' says that once government starts something, it cannot stop; even if the effort fails," said Van Ausdall.

County Government

Of local government reform, he said that the State of Georgia has 159 counties because it has a law which requires that everyone in the state must be able to ride behind a mule to the county seat and back home within a day. Michigan has 83 counties (15 of them in the Upper Peninsula) and California, with 20 million population has only 58. Alaska, one of our newest states, has none.

Rochester, Minn., has 39 governmental units in four townships.

Phone Pioneers Ask Donations Of Old Glasses

The week of April 21 has been proclaimed by Gov. Milliken as "Telephone Pioneer — New Eyes for the Needy Week" in Michigan. Pioneers are telephone employees who have 21 or more years of service.

Anthony Marta, Escanaba club president, said that in the past two years Pioneers collected 100,000 pairs of used eye glasses that were reconditioned, sterilized, and sent to the needy in all parts of the world.

Soviets Recover Debris, Report No Survivors

(Continued From Page One)

bris airmen reported appeared to be a wheel and a ladder. The Soviet ships had been asked to help U.S. planes and ships in the search. The Pentagon said U.S. fighter aircraft are providing combat cover.

Drop Markers

The debris was spotted first by a U.S. aircraft which then dropped smoke markers to fix the location for the nearby Soviet ships, the Pentagon said. The operation was aided by a Russian-speaking U.S. airman flown to the scene from Osan Airbase in South Korea.

The Pentagon said weather in the area is generally good with ceilings from 12,000 to 15,000 feet and visibility seven miles. Air temperature was 42 degrees with the sea several degrees colder.

Briefly Told

Civic Center patrons are reminded that the ping pong tables in the game room will be reserved for the table tennis tournament this evening.

Attention, Barber Shoppers: Board meets tonight at the home of Don Grenfell; regular meeting Thursday night at the Eagles.

A poetry reading will be held tonight at Bay de Noc Community College beginning at 8. John Woods, associate professor at Western Michigan University, will read and comment on some of his poems. This program is under the sponsorship of the Michigan State Council for the Arts, and Dr. William Butt of the Community College is the local coordinator.

John Caskanette Taken By Death

John Caskanette of Escanaba, a resident of the Pinecrest Medical Care Facility, died there Tuesday evening after a lengthy illness. He was 87 years old.

Born in Michigan on Aug. 13, 1881, he had lived in Delta County most of his life and was employed as a farmer and woodworker.

Friends may call at the Degnan-Crawford Funeral Home from 7 to 9 tonight, and complete funeral services will be held at the Funeral Home at 9 a.m. Thursday with the Rev. Charles Carmody officiating. Burial will be in Holy Cross Cemetery.

The north rim of the Grand Canyon was inhabited about A. D. 600, with the population gradually increasing. Then about 1150, at the height of their population, they departed forever.

should share its support.

"What are the causes of refusal to modernize local government to enable it to serve modern needs? They are public apathy, tradition and local pride in maintaining village and township and city units and not merging them into larger areas.

"And what is going to force changes? The high cost of our present way of operating local government," said Van Ausdall.

Reforms Aims

Councils of local government involving all local governments were urged as a step toward change.

It was explained that it requires an enactment by the Michigan Legislature to permit county manager government and that Michigan's Constitution still impedes modernization because it requires retention of the traditional county offices of sheriff, clerk, register of deeds, treasurer and prosecutor so that a manager would not be free to manage.

Subjects of current interest in local government reform, said Van Ausdall include water supplies, sewerage, air and water pollution, education, construction and housing codes, joint purchasing (which offers chance for large savings), regional planning for parks, airports, transportation, etc., and data banks on a pooled basis.

Johnson Captures Ping Pong Crown

Bill Johnson became the 1969 Junior Boys Tennis Champion at the Civic Center last night by topping a 14 man field of contestants when he defeated Fred Niquette 21-15, 21-12 in the Finals. Johnson had previously defeated Dan Bougie 21-17, 21-6; Mark Richards 21-14, 21-9; and Bob Ling 21-14, 21-16.

Second place went to Fred Niquette who defeated Tom Roberts 21-18, 21-14; Phil Erickson 21-14, 14-21, 21-11; and Cliff Arntzen 21-17, 21-15 before bowing to Johnson.

Cliff Arntzen captured third place on a bye, a 22-20, 22-20 win over Les Rolig, a loss to Niquette, and a 21-17, 21-8 Consolation win over Dan Bougie.

Dan Bougie finished fourth. Tournament action will continue with the Senior Men playing on Wednesday and the Girls Open on Thursday. All games will begin at 6:30 p. m. at the Civic Center, and entries will be accepted until tournament time.

Northern Posts Honors Listing

MARQUETTE — Northern Michigan University will honor 321 students for high academic achievement May 1 at its third annual honors banquet.

The students, ranked in the upper five per cent of the student body, have attained a scholastic average of 3.5 or better out of a possible 4 points.

Twenty-six students will be recognized for all-A records. They include Juniors Lynda Davidson, Manistique; Maureen Kell, Escanaba; Timothy O'Hara, Menominee, and Leila Philipps, Wallace.

Freshmen honored include: Michael Orhanen, Manistique.

Other students recognized at the dinner will include: Candace A. Swetkis, Cornell; Thomas M. Orhanen, Curtis; Terrell H. Green, Daggett; Nancy A. Adams, DeTour; Cheryl R. Bast, 1015 1st; Lynn A. Tax Base Increases Nearly \$9 Million

Delta County's tax valuation for 1969 was equalized at \$96,473,325 Tuesday night by the Board of Supervisors — an increase of nearly \$9 million over 1968.

It was the second straight year of an impressive gain in the county's tax base.

Last year, the county jumped about \$6.2 million in valuation.

Peter T. Ross, county equalization director, said the biggest single gain came from the 36-inch natural gas pipeline which was completed through Delta County last summer. Ross said the pipeline which crosses Baldwin, Ensign, Garden, Maple

Ridge, Masonville and Nahma Townships, added about \$3.25 million of the total gain.

City Gains

He also pointed out that the City of Escanaba gained about \$2.2 million and Wells Township was up about \$1.6 million. Industrial expansion at Harnischfeger Corp. and at the Escanaba Paper Co. contributed significantly to those increases.

The City of Gladstone showed an increase of \$523,662. Ross attributed part of the increase to completion of the city-wide reappraisal.

All townships in the county also increased from 1968, the report showed.

Outside of the pipeline and the industrial developments, Ross indicated most of the gains came from residential and commercial development scattered throughout the county.

There was no "across the board" percentage increase imposed by the State Tax Commission for Delta County this year, a factor which contributed to the gain a year ago.

Notes Change

Ross told the Board of Supervisors of one change in assessing practice recommended by the State Tax Commission, however.

He said that where political units were assessed at between 49 and 51 per cent of value, that the Tax Commission recommended no changes be made to adjust the value to the prescribed 50 per cent.

The Tax Commission suggested that if assessed valuation was between the 49 to 51 per cent tolerance, then the unit be equalized as assessed. The Board adopted the recommendation.

In Delta County, assessed valuations by political units range from 49.78 per cent to 50.34 per cent of true cash

value, according to the report.

School district valuations were listed as follows in Delta County: Escanaba Area, \$60,585,325; Rapid River, \$7,733,050; Big Bay de Noc, \$6,099,450; Rock, \$2,126,400; Bark-River-Harris, \$2,134,750; Baldwin Township, \$2,484,200; Brampton Township, \$1,984,550; Flat Rock, \$2,979,250; Gladstone, \$10,346,150.

Escanaba Area, Big Bay de Noc and Bark River-Harris also gain valuation from areas in other counties.

The increase for the Escanaba Area schools will be somewhat over \$4 million from 1968.

Valuations Listed

Valuations by political unit are:

Cities — Escanaba, \$38,983,750; Gladstone, \$10,120,650;

Townships — Baldwin, \$2,484,200; Bark River, \$2,134,750;

Bay de Noc, \$1,341,850; Brampton, \$1,984,550; Cornell, \$1,635,600;

Ensign, \$1,489,450; Escanaba, \$3,204,500; Fairbanks, \$851,550;

Ford River, \$3,638,225; Garden, \$2,496,100; Maple Ridge, \$2,126,400;

Masonville, \$4,901,750; Nahma, \$2,751,800; and Wells, \$16,327,950.

H. Carlson Taken By Death

Herman G. Carlson, 85, of Rte. 2 Escanaba died at 12:15 a. m. today at St. Francis Hospital where he had been a patient for eight days.

He was born July 5, 1883 in Wallace and was a member of the Evangelical Covenant Church and the Carpenter's Union. He was a retired carpenter.

Survivors include his widow, Naomi; two daughters, Mrs. Ruth Reiffers and Mrs. Helen Wickstrom, both of Escanaba; three sons, Wallace of Denver, Colo., The Rev. Wesley Carlson, serving in South Africa and Kenneth of Pierson, Mich., 14 grandchildren and five great grandchildren. Two sons, Stanley and the Rev. Clyde Carlson, preceded him in death.

The body has been removed to the Anderson Funeral Home and funeral arrangements will be announced tomorrow.

Hearing-Vision Testing Offered

From April 23 through May 31 the Escanaba office of the Delta - Menominee District Health Department will offer hearing and vision tests Wednesday only. These are for children 4 to 6 years old. Parents who are having pre-school examinations from their physicians are advised by the Health Department to have these hearing and vision tests if their physicians advises. The times of these tests are 10 a. m. to 11 a. m. and 2 to 3 p. m. No appointments are needed.

PANEL DISCUSSION on the topic of "The Future of Farming in Delta County" was a feature of the annual meeting of the Delta County Soil Conservation District. Panel members (from left) are Garth Briggs of Fayette, Melvin Racicot of Schaffer, Joseph Mosier of Perkins, Albert Lippens of Hyde, Phil Lippens Jr. of Cornell and Clarence Dittrich of Hyde, the moderator. (SCD Photo)

Honor Lepisto With Conservation Award

The Delta County Soil Conservation District's first annual award in its Outstanding Conservationist program was awarded to Elmer Lepisto of Rock at the annual District meeting at Perkins Monday night.

Lepisto, who owns and operates a 464-acre beef farm, has been a cooperating member of the Delta County Soil Conservation District since 1952, and he has developed two conservation plans that have guided him in the development of his lands.

Numerous improvement practices have been carried out by Lepisto through the years, the

District SCD reported at the meeting in the Legion Hall at Perkins. A summary of his accomplishments includes:

Long-time Member

Elected to membership in the first Delta SCD board of directors when it was newly formed in 1950; and since 1958 he has served continuously on the board and held offices of treasurer, chairman, and vice chairman. He is presently vice chairman.

From 1963 to the present he has been a member of the Agricultural Stabilization and Conservation Service County Committee; and prior to that he served from 1942-62 on the ASCS community committee.

In 1968 he was appointed to serve as agricultural representative on the Central Upper Peninsula Overall Economic Development district governing board.

He actively supports 4-H Club work in his community; and he is an active member of community service clubs.

Panel Discussion

The Delta County SCD at its annual meeting sponsored a panel discussion program on the topic "The Future of Agriculture in Delta County" in which

a group of farmers participated.

Members of the panel included Garth Briggs, Fayette; Melvin Racicot, Schaffer; Joe Mosier, Perkins; Albert Lippens, Hyde; Phil Lippens Jr., Cornell; and Clarence Dittrich, Hyde, who served as moderator.

Wesley H. Lehmann, Department of Natural Resources district forester, presented a slide program on woodlands management.

The presentation of the conservationist award to Lepisto was made by Clarence Dittrich of Hyde, the board chairman. Other officers besides Lepisto, the vice chairman, are Dr. Byron Zeni, Escanaba, treasurer; Albert Lippens, Hyde, who was reelected for a three-year term; and Phillip Lippens Jr., director.

The directors will elect officers at their annual board meeting to be held in May.

Joseph Heirman of the cooperative extension service, and Jack Kreiner, soil conservation service, are ex-officio members, and with Roland Peterson, SCS supplied technical assistance to the landowners in planning and applying soil and water conservation measures.

House Education Committee OK's School Package

LANSING (AP) — The House Education Committee Tuesday reported out of committee and recommended the \$732.8 million package asked by the State Education Department for the state's public schools.

Three other bills dealing with schools were reported out of the committee without recommendation.

All four measures were voted out without amendments or, in most cases, any detailed committee discussion.

The controversial parochial measure to use state funds for private and church-operated schools was not included in the four. Parochial, however, had been discussed in detail in the committee.

The five Republicans on the 13-member committee opposed Tuesday's action in reporting out the measures, terming it "railroading."

Seeking Money

However, Mrs. Lucille McCullough, D-Detroit, education committee chairman, said her committee was going to work with the House Appropriations Committee and the "leadership of both houses to see what kind of money we can get."

On Monday, Senate Majority Leader Emil Lockwood, R-St. Louis, said the Senate would break a precedent and take up the public school funding problem without waiting for the House if the lower chamber did not act soon.

No funds can be voted for schools or other projects, how-

ever, until the House first considers the administration's general operating budget.

The three measures reported out without any recommendation by the committee were a three-bill package proposed by Rep. Roy Spencer, R-Attica, an earlier bill containing recommendations by Gov. William Milliken and a measure backed by the Detroit Parent-Teacher Association.

"Disgusting"

Most of the bills, including the State Education's Department's proposal, were referred to the House Appropriation Committee for action.

Mrs. McCollough said further action on the state school funding would be forthcoming from a meeting of the "leadership of the House and the Senate."

One Democrat was among those who disagreed with the committee's report Tuesday.

James Tierney, D-Garden City, called the meeting the "most disgusting thing I've ever seen." He said the committee disregarded its own \$2,500 study of state education needs by not examining the bills before voting on them.

Insurance Merger

DETROIT (AP) — Shareholders of American Life Insurance Co., and American Presidents Life Insurance Co., approved merger of the two Detroit firms Tuesday at their annual meetings.

SINUS Sufferers

George H. Ehle Taken By Death

George H. Ehle, 69, of 923 Stephenson Ave. and Round Lake died at 11:30 a. m. Tuesday at St. Francis Hospital where he had been a patient for one week.

He was born Aug. 14, 1899 in Cresco, Iowa and was a former employee of the Pink Supply Co. of Minneapolis, Minn., retiring in 1960.

He is survived by his widow, Mabel of Escanaba; three brothers, Fred and Robert of Rockford, Ill. and Henry of Chicago; one sister, Mrs. Bleuch Schobinger of Rockford.

Friends may call at the Anderson Funeral Home from 4 to 9 p. m. Wednesday and twilight funeral services will be conducted at 8:30 p. m. at the funeral home chapel with the Rev. Walfred E. Nelson officiating.

The body will then be taken to the Bartell Funeral Home in Warren, Ill. where visitation will be held from 5 to 9 p. m. Thursday. Funeral services will be conducted at 1 a. m. Friday and burial will be in Warren.

Secretary Of Week Will Be Chosen, Honored

The Secretarial Science class of Bay de Noc Community College is celebrating National Secretaries Week, April 20-26, and to make it a success it needs the help of every business office in Delta County.

They ask that the name of an office secretary be submitted, for she may be elected Secretary of the Week and be honored at a banquet to be given by the students. The names should be submitted by April 21.

The drawing for the Secretary of the Week in the Escanaba area will be held April 22.

Employers are asked to send in the name, place of business, and the name of their secretary. Dr. Richard Rinehart, president of Bay de Noc Community College will draw the name of the winner. The part-time or full-time secretaries employed in Escanaba or the surrounding area are eligible.

The C&H Crisis

Those of us who live afar from the beautiful Copper Country grieve for her.

The copper mines of the Calumet Division of the Calumet & Hecla Group of Universal Oil Products have been struck since last August and the company has now sent notice to the thousand employees terminating their employment.

There has been a late, desperate citizen effort to break the long deadlock between company and miners and reactivate the shafts, stamp mill and smelters.

In the usual view of such things the Copper Country needs the C&H payroll badly. It is the only employer of more than 100 — except Michigan Technological University — in the Copper Country. And the area's geographical position, climate, natural resources and work skills make it the most likely prospect for sustaining the people of Keweenaw at present.

There are great copper reserves in the area. They are still being mined by old methods but UOP was modernizing when the strike ended operations. It seems logical, to outsiders at least, that they would be mined to employ the people of the area, which was the first site of large settlement in the Upper Peninsula. (The U. P. has never since duplicated elsewhere the population of the Copper Country in its boom days.)

The C&H mines have been struck repeatedly and in the current strike Gene Saari, the United Steelworkers' man in control, has called for the same package of wages and fringes that White Pine Copper Co. has given its workers in neighboring Ontonagon County. The two mining operations are grossly dissimilar and their earnings and pay rate potentials are different.

But this does not, in the union's view, at least, constitute a valid reason for rejecting equal treatment. It cites that the base pay of iron miners in the U. P. is higher than the top bracket of Calumet Division pay before the strike.

The miners have supported Saari in his strikemaking for most of a year now, at what must be considerable sacrifice on their part, and the current prospect seems to be that the mines will be closed permanently under their present ownership. The losses that the strike causes aren't tolerable forever and the company seems to have made its final offer.

That the miners would let the division go to the wall rather than compromise Saari's demand is hard to believe, but it is not unbelievable. The desperation which has been created seems about to prevail on both sides. The company is advertising equipment for sale, and cooling furnaces kept heated since last August. It's going through all the motions of a liquidator. So is the union.

The closing still isn't beyond recall, but the catalyst for recovery action isn't in sight.

Bargaining has led to a deadly impasse. The union has taken a position of demand not related to the company's ability to pay, as this is regarded by the company. Many unions aren't concerned with the survival of an employer. They take the attitude that if an employer cannot meet their demands he shouldn't be in business and that they'll close him up with their demands and then seek work elsewhere. Our labor law permits and even facilitates the process.

It has happened before and will happen again, but it hasn't happened in a century-old major industry in the Upper Peninsula before, affecting the livelihood of a whole area.

The contest has created such an atmosphere of frustration and helplessness that there is some feeling in the Copper Country that maybe the only way it can renew its economy is to go broke and start over. It seems to us to be inviting the whirlwind, when a little compromise would save a situation for change.

BARBS By PHIL PASTORET

Most tobacco blends are a rare mixture of imagination and extravagant language.

Before you say you don't believe in haunted houses, consider: Aren't there some spirits in the cupboard, right now?

Show us an employee who arrives bright-eyed every morning and we'll show you one who uses eye drops.

BERRY'S WORLD

Man's Reach Should Exceed His Grasp--- but Not for Long!

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

The senior class play "Foot Loose," will soon be presented. Bette Jule Hirn and Lois Jane Jenae are the main characters. The play is under the direction of Helen Snyder.

Due to comparatively low water in rivers and streams, D. H. Raess, district supervisor for the conservation department, reported that the 1944 spring trout fishing season looks good.

50 Years Ago

A meeting will be held at Manistique for the area representatives of the First Presbyterian Church. Delegates of the Young People's societies are Myrtle Stude, Ruth Abrahamson, Gertrude Forrester, Gladys Crebo and Esther Stude.

Gilbert Pilon, son of Mr. and Mrs. J. Pilon, Wells, who has been overseas for eight months, should arrive home soon after his discharge from Camp Custer.

Buying Autos Despite Times

DETROIT (AP) — It's spring, interest rates are rising and inflation is making inroads into everyone's paychecks.

But the birds are still singing and Americans are buying more cars in spite of the economic problems. Industry figures for the first 10 days of April compiled Monday show sales are up 5.6 per cent compared to the same period a year ago when disorders and tension related to the assassination of Martin Luther King were blamed for sluggish sales.

"April is shaping up as an excellent selling month," said E. F. Laux, vice president-sales group for Ford Motor Co.'s North American operations. "Our new car sales for the month are expected to be higher than last year's pace—for the first time this year because of strike-recovery sales reflected in the early months of 1968."

Figures released by the Big Four automakers showed total sales for the April 1-10 period at 229,656 cars, compared to 217,540 during the same period a year ago. The industry totals were somewhat pale, though, compared to the last 10 days of March when a buying surge brought totals to 293,317 for the industry.

Seizure Of Pueblo Turned Against Kim

By RAY CROMLEY

SEOUL, Korea (NEA) — Private talks here with a man once one of North Korea's leading Marxist theoreticians and thought-control chieftains give a revealing look at the Pueblo incident as seen from Communist eyes.

As this psychological warfare expert sees it, North Korea's top man, Kim Il Sung, has been pushing his people at a harried pace since 1953 in war preparations, including a vast underground labyrinth of tunnels, coastal defense points, hardened factories and submarine pens and a striking air and ground force.

Kim whipped his people along by arguing the United States was planning war. But he had given people no convincing reasons to believe that war was inevitable. That is, his arguments were beginning to wear thin.

He needed some incident to prove his point.

Moreover, Kim had promised Ho Chi Minh in Hanoi that he would do something dramatic to help with the war in Vietnam.

He was supplying some planes, pilots and military supplies. But Ho clearly needed something that would take off some U. S. pressure.

Kim also strongly felt the need for more military aid from the Soviet Union and convincing reasons to demand it.

A most opportune moment arrived last year with the Pueblo.

Kim used the Pueblo to "prove" to his people the United States was preparing to invade the North. President Johnson's sending the aircraft carrier Enterprise to Korean waters following the Pueblo's seizure was added "proof" of U. S. aggressive intentions.

Following the incident, the United States moved certain air units to South Korea. This perhaps reduced the pool available for Vietnam, thus helping Hanoi.

Up to this point, events were moving as Kim had planned. Then things began to go wrong. After the mistake of sending the Enterprise, which Kim knew would not take action, and the dispatch of backup aircraft for South Korea, the United States made no moves which Kim could convincingly

interpret as aggressive. In fact, Washington bent over backward to settle the Pueblo matter peacefully, despite Kim's repeated attempts to provoke outbreaks.

Kim was certain he had nothing to fear. With the United States tied down in Vietnam, he was certain Washington would do nothing that could start an outbreak in Korea. But Kim was hoping for some incident he could dramatize to his people and to Moscow. In this sense, it was well the United States did not bomb Wonsan harbor, where the Pueblo was held.

Kim did get "confessions" from the officers and crew of the Pueblo and from the U. S. government. But the effectiveness of these was weakened by the timid, obviously unwelcome approach of the United States in securing the release of the crewmen.

A major reason for torturing the crewmen into confessing (in addition to providing the "proof" of U. S. aggressive intent) must have been to make the Navy distrustful of its officers and men in a crisis and to make the officers and men resentful toward their superiors.

But this is not what happened. The U. S. Navy has praised these men. The crewmen have been loyal to their officers.

So Kim failed here, too.

As a result, undoubtedly, there are some bitter discussions now going on in North Korea.

Bill To Establish Greyhound Racing

LANSING (AP) — Eight greyhound racing sites—at least one in the Upper Peninsula—could be established under a bill introduced Monday by Sen. Coleman Young, D-Detroit.

The measure calls for the governor to appoint three racing commissioners who would license eight race meetings, each at least 75 miles from the nearest horse racing track.

Preference would be given to corporations with a majority of stock owned by Michigan residents.

The bill specifies that the state would receive five per cent of wagers, plus half the breaks. Part of the revenue would go to the county where the race is held. Some 70 per cent would be distributed to the remaining counties in the peninsula where the race is.

Win At Bridge

By JACOBY & SON

One of the most interesting chapters in "Modern Bridge Bidding Complete" is headed, "When Not to Count Roth Points."

It belongs in any book on bidding although the heading might be changed to "When Not to Count Points."

According to Roth and Rubens, the time not to count points is when you have a good play for some contract. In such cases they say, "Bid your game or slam and see what happens."

Suppose you open one spade with the South hand. You hope your partner will respond and

NORTH		16	
♥ 105			
♥ 96432			
♦ Q6			
♣ 9753			
WEST		EAST	
♥ 9842	♥ 7		
♥ Q108	♥ AKJ5		
♦ 1042	♦ K753		
♣ KJ10	♣ Q842		
SOUTH (D)			
♥ AKQJ63			
♥ 7			
♦ AJ98			
♣ A6			
Both vulnerable			
West	North	East	South
Pass	Pass	Double	1 ♠
Double	Pass	Pass	Pass
Opening lead—♠ 2			

you'll be heading for a slam if he shows any signs of life. But he passes and East responds with a double.

You know your partner may have a blank hand but you may still make four spades. In any event you won't be hurt there and your opponents may have an easy four hearts or four clubs. Four spades is an all-purpose gambling bid that you should make.

The book does not show the other hands so we have filled some in. North certainly should not respond to the spade bid. East has a sound take-out double and we have taken the liberty of having West double four spades for business.

West opens a trump to stop potential ruffs. South goes up with dummy's 10 and leads the queen of diamonds from dummy. East can do no better than cover with the king.

South takes his ace and will now be able to score an overtrick by the simple process of cashing his jack of diamonds; ruffing a diamond; returning to his hand with the ace of clubs; drawing trumps and eventually making his last diamond.

A really good player won't get this overtrick. He will assure his contract by drawing trumps before playing a second diamond.

♥CARD Sense♦

Q—The bidding has been:
West 1 ♠ North 1 ♥ East 1 ♠ South 1 ♥
Pass 2 ♠ Pass 3 ♥
Pass 3 ♠ Pass ?

You, South, hold:
♠ Q 10 9 8 7 6 5 ♦ 8 6 ♣ A 2

What do you do now?

A—Bid four spades. Your queen of spades and doubleton club must be of help. Four hearts is a close second choice.

TODAY'S QUESTION

Instead of bidding three spades, your partner has bid three no-trump. What do you do now?

Answer Tomorrow

SUBWAY STUDIED

LONDON (AP) — London transport is considering building a new underground (subway) line, to be called the "Fleet Line"—for Fleet Street, center of the London newspaper industry. Work on the line will start in 1972 if parliament approves.

Ann Landers

Wife Irked When Husband Uses Vault

Dear Ann Landers: My husband and I have been married 25 years. We have four fine children and a comfortable home. Our marriage is far from perfect but I consider it as good as most. Last night Vernon insulted me in a way I shall never forget. He brought home a safe with a lock on it bigger than my head.

When we got ready for bed, Vernon took his billfold out of his pocket, scooped up his small change, removed his cuff links and watch and put everything in the safe. He didn't say one word the whole time, just gave me sort of a triumphant look and turned off the light.

Ann, I have never taken a thing in my life that didn't belong to me. I wouldn't dream of snooping through Vernon's pockets. Why he chose to insult me this way is a total mystery. Our house has never been robbed so he can't be worried about burglars.

Vernon has always been on the quiet side and kept to himself. He is 52 years old and seems to be in good health. What do you make of this?—Mystified

Dear Mys: The man sounds unwell. If this strange behavior persists, urge him to see a doctor for a checkup. And be sure to inform the doctor about your husband's strange behavior. Vernon might be going through the male menopause.

★ ★ ★

Dear Ann Landers: I read an article in the paper that burned me up. It went something like this: "Are you responsible for making a thief out of a perfectly nice kid?" The article said that whenever a person leaves his keys in the ignition of his car he is encouraging some "perfectly nice kid" to be a thief.

Of all the crackpot ideas, this one takes the cake. What in the world has happened to good old-fashioned honesty? Teen-agers behave according to the standards they are raised by. The values learned as young children are deeply ingrained by the time they are 12 years of age. When I was 16 I wouldn't have touched a dollar if a million of 'em were

stacked up in front of me simply because I was taught early not to take things that didn't belong to me.

Now they've twisted things up so the person who leaves the keys to the car is just as guilty as the kid who steals it. How crazy can the sociologists get?—Born Too Late

Dear Born: I agree, some kids wouldn't dream of stealing a car, keys or not, but the point of the article was that we shouldn't make car stealing easy because some kids are borderliners and behave impulsively.

No matter how you look at it, there has been an appalling increase in car stealing—nearly 65 per cent of all car thefts in 1967 were pulled off by teen-agers.

Confidential to Opinion Needed: Paradise Now meant Jail Later for some of those actors who got carried away. Nudity is getting to be a big fat bore and I firmly believe that people will get sick of theater garbage movie trash, pornography — the whole rotten scene — and they will fade into oblivion.

Quotes

About 70 per cent of the people of the U. S. live on 1 per cent of the land. It won't be long before 80 per cent are living on 1½ per cent of the land. Each year, three million more Americans are being shoe-horned into cities that are already filled.—Secretary of Interior Walter J. Hickel, urging more vest-pocket parks and urban recreation areas.

Bill Divides Recreation Bonds On 70-30 Basis

LANSING (AP)—A bill dividing the \$100 million recreation bond money on a 70-30 basis—the way we sold it to the people—was introduced Tuesday in the Michigan Senate.

The measure would earmark \$30 million for use by local communities and \$70 million for the state's quality recreation programs.

The bill is sponsored by Republican Sens. Gordon Rockwell of Mount Morris, chairman of the Senate Committee on Conservation and Tourist Industry, and Oscar Bouwsma of Muskegon.

A measure implementing Gov. William Milliken's proposed division of the funds already is under committee study, Bouwsma said. "But this (70-30) is the way we sold it to the people" who approved the bond issue in the November election, he said.

Under Fire

Milliken had recommended that \$30 million be used for local grants, \$30 million go to counties of over 100,000 population to supplement urban area programs, and \$40 million be used for state projects.

That proposal came under fire from some who sought passage of the issue with the understanding that 70 per cent of the money would be used outside.

Under the Rockwell-Bouwsma proposal, the state would be divided into six districts and each would receive \$150,000.

An additional \$21 million would be granted on a per capita basis to the regions, with each county in the region entitled to an allocation equal to \$2.68 per capita, based on the 1960 census.

Assign Priorities

The State Department of Natural Resources would assign priorities on a regional basis, using criteria approved by the Legislature. Lawmakers would have the final approval of all projects and appropriate funds for those projects.

The remaining \$70 million, granted to the natural resources department, would be divided: \$40.8 million for projects of the parks division; \$17.7 million for the fisheries division; \$7.5 million for the wildlife division; and \$4 million for the forestry division.

Priorities would be assigned by the department, following criteria approved by the Legislature.

Levy Ed Tax

Rockwell and Bouwsma also introduced a bill authorizing K-12 school district boards to levy up to 2 per cent in "educational personal income tax."

The tax, to be authorized by

board resolution, would become effective within 45 days of adoption, or until approval by voters—if a referendum were filed.

Other bills introduced Tuesday would:

—Relieve police and firemen from civil liability when they are rendering care at the scene of an emergency.

—Set the first Wednesday after Labor Day as the opening of school unless individual school boards prescribed a different day by resolution.

—Provide for state payment of county expenditures for aid and medical care for migrants who are not legally residents of the county.

In Service

Wayne S. Lancour, son of Mr. and Mrs. W. Lancour, 529 N. 19th St., Escanaba, has been promoted to technical sergeant in the U.S. Air Force. Lancour, an air operations supervisor, is assigned to a unit of the Aerospace Defense Command at Duluth International Airport, Minn. He is a 1957 graduate of Rapid River High School. His wife, Carol, is the daughter of Mrs. William Hendrickson of 532 N. 16th St., Gladstone.

Hospitalman Apprentice

Robert A. DeGrand, USN, son of Mr. and Mrs. Marcus F. DeGrand, 928 Stephenson Ave., graduated from the 14-week basic Hospital Corps School, Great Lakes, Ill. Taught by Navy nurses and senior hospital corpsmen, the curriculum covered instruction in patient care, the study of anatomy and physiology, minor surgery, the nature and prevention of communicable diseases, and the administering of medicines.

Pentateuch is the name for the first five books of the Old Testament.

SPACE WARDROBE is required dress for technicians who fuel the Saturn rocket at Cape Kennedy. The protective suits, designed by NASA and Bendix, carry built-in back packs that supply two hours of breathing and cooling air. A Saturn rocket will launch the Apollo 8 on its lunar-orbiting mission, set for late December.

Approve Bonds At Houghton, Sault

LANSING (AP)—The State Municipal Finance Commission has approved the issuance of \$1,475,000 in school bonds by North Branch Area Schools, Lapeer County, for new construction.

Also approved were:

Whitmore Lake Public Schools, Washtenaw and Livingston Counties, \$125,000, school bonds, athletic field improvements; Hancock, Houghton County, \$41,500 in tax anticipation notes for operating expenses; Bangor Township, Bay County, \$38,000 in special assessment bonds for water main construction.

Bonds approved for street improvements included: Sault Ste. Marie, Chippewa County, \$414,000; East Grand Rapids, Kent County, \$65,000; West Bloomfield Township, Oakland County, \$100,000.

Charge Fare On Tax Loopholes

GREENVILLE (AP)—If Congress does not act to close tax loopholes, Sen. Philip Hart, D-Mich., said Monday, it should at least charge a fee for going through them.

Although he has not given up on major tax reform, Hart said he will press for an interim measure levying a minimum tax on wealthy persons and corporations that pay little or no taxes. Hart made the recommendation during a speech before a civic group at Greenville.

"It is now common knowledge that in 1967, he said, '155 individuals with incomes of over \$200,000 paid not one penny in federal income tax. In fact, 21 of those individuals were making more than \$1 million.'"

"Meanwhile, the nation's largest oil company, Standard of New Jersey, paid only 3.8 per cent of its net earnings for federal income tax in a five-year period ending in 1966."

"Under my bill," Hart said, "those who used tax shelters such as oil depletion allowances and capital gains would have an extra tax table to contend with. This table would enact a minimum of 7 to 35 per cent from those who would have paid less under the current law."

The serpent is the symbol for sin in Christian art.

Jurmu Finalist In Press Club Awards Contest

MARQUETTE — Jeffrey R. Jurmu of Escanaba, editor of Northern Michigan University's weekly newspaper, is a finalist in the Detroit Press Club Foundation's fourth annual awards competition.

Winners of the cash awards will be announced at the Foundation's awards banquet May 2 in Detroit.

Jurmu's entry is an editorial on student employment procedures which appeared in the November 22 edition of the Northern News.

Jurmu, a senior majoring in political science, has been editor of the campus paper since 1967.

He is the son of Mr. and Mrs. Ray Jurmu, 1601 Lake Shore Drive.

Announcing the first car of the '70s at 1960 prices.

FORD MAVERICK \$1995*

(You don't have to read it all—but it's nice to know it's all there.)

Most new cars look like other cars. But when the word gets out that something really different is on the way, rumors run wild. Few cars have caused as much talk as Maverick. Ford's new entry in the small car field rivals the economy imports in price ... but tops them in power, performance, passenger room and luggage capacity. We've been bombarded with questions about Maverick. Now, for the first time, here are the answers.

Q. Why did you build the Maverick?

A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.

Q. Why did you call it Maverick?

A. You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compacts and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.

Q. Why did you make it this size?

A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.

Q. What do I get for the price?

A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls ... important little things that add so much to your driving comfort.

Q. What about options?

A. You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this

car. Because it's all there. A complete car all ready to drive home.

Q. What kind of gas mileage can I get?

A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.

Q. What kind of power does Maverick have?

A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.

Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?

A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5 1/2 feet to any parking space.

Q. Can Detroit really build a small economy car that's tough and long lasting?

A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)

Q. How about parts and service?

A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.

Q. Is Maverick really easier and less expensive to maintain than an economy import?

A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every

36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.

Q. Can I do my own maintenance work?

A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points ... plus many other do-it-yourself repairs and replacements.

Q. Can a small car be safe? And how safe is safe?

A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact—designed to stop cars weighing hundreds of pounds more. Maverick gives you weight ... power ... stability. Designed for American driving conditions.

Q. How does Maverick ride?

A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.

Q. Is there an advantage in the fact that Maverick is really a 1970 car?

A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)

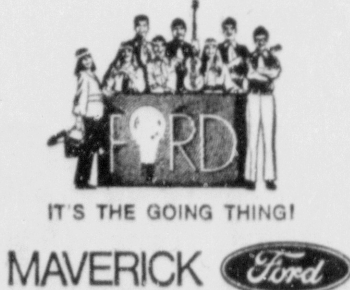

Better come take a look at this one. You'll find it where the action is ... right in there with other great Ford values like specially equipped Ford Galaxie 500's ... Fairlans ... Mustangs and Falcons.

You'll find them at your Ford Dealer's ... the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department Detroit, Michigan 48211. (Offer ends July 31, 1969.)

*Manufacturer's suggested retail price for the car. Price does not include: white sidewall tires, \$32.00; dealer preparation charge, if any; transportation charges, state and local taxes.

The place you've got to go to see what's going on—your Ford Dealer.

Thursday, April 17, 9:30 a. m.—Women's Study group; all day-sorting and marking for rummage sale; 7 p. m.—Junior High Fellowship at First Methodist.

Assembly of God
Wednesday evening (7:30) Bible Study is held at the church, 301 N. 15th St. Any-one interested in learning about the Baptism of the Holy Spirit, is welcome. For further information contact the Rev. Jack the Baptism of the Holy Spirit, West, 786-2586.

Susan Meiers Honored At Bridal Shower

Susan Meiers was honored at a surprise bridal shower at her home on Saturday, April 12. Hostesses for the event were Nancy Stratton, Mary Madlinski, Mary Douck, Sherry Winchester, Pam Berg, Sandy Vanlerberghe, Mary Hynes and Kay O'Connell. Lunch was served during the evening and the honoree opened her many gifts. Miss Meiers will become the bride of Lowell Burklund Jr. Saturday, May 3 at St. Patrick's Church.

Women's Activities

Duo-Pianists Delight Concert Audience Here

BY JANET MARTIN

The Delta County Community Concert Association concluded its current season in grand style last evening with the delightful performance by Patricia and William Medley, duo-pianists.

The concert began at 8:15 p. m. at the William Oliver Memorial Auditorium with a large crowd in attendance. This was the final concert of the season and a new membership drive will be held in May.

Outstanding Teamwork

The Medley's magnificent teamwork at the keyboard, their intricate movements and great degree of perception was outstanding.

They began their enjoyable program with the beautiful, moving strains of, "Jesu, Joy of Man's Desiring," by J. S. Bach, followed by Robert Schumann's Op. 46 consisting of romantic variations and featuring a lovely coda which seems to float away unendingly.

Continuing, the Medleys performed Rondo in C major, Opus 73 by Frederic Chopin, which was a favorite of the audience, from its graceful, fresh opening to its grand finish.

Lyric Themes

Following intermission, the Medleys returned with the Suite for Two Pianos by Aram Khachaturian. The suite begins with the three note Ostinato followed by the Romance which contains lyric themes of color and warmth and concluding with the Fantastic Waltz, a brilliant and sweeping movement.

Next was the Ritmo from, "Dances Andalouses," by Manuel Infante, which is marked by exciting rhythms and displays the great rapport of two pianos and Spanish rhythms.

Tears from, "Suite No. 1 for Two Pianos," Op. 5 by S. Rachmaninoff followed. This suite is dedicated to Tchaikovsky and his influences and characteristics are apparent throughout the music.

Dynamic Rhythms

Concluding the evening's program was the exciting Finale from, "New Dance," displaying dynamic rhythms and featuring a combination of conga and rumba rhythms. There is very little melody in this selection.

It was a thoroughly enjoyable evening for all who attended as signified by the calling back of the Medleys to perform three encores, including another selection by Manuel Infante, an aria from, "The Barber of Seville" and, "Yankee Doodle."

MR. AND MRS. W. R. Tankersley of 604 W. Grove St., Rialto, Calif., announce the engagement of their daughter, Becky to Gary Vandeville, son of Mr. and Mrs. Ervin Vandeville of the Chemical Location, Mounted Route, Gladstone. Mr. Vandeville is presently stationed with the U. S. Navy at Vallejo, Calif. No date has been set for the wedding.

W. B. Garbetts Mark Their Golden Wedding

Mr. and Mrs. William B. Garbett of Lake Shore Drive, Gladstone observed their golden Wedding Anniversary Sunday, April 13 with a reception at the VFW Hall.

The Garbetts were married April 7, 1919 in Manistiquette and Mr. and Mrs. William Terrian were the attendants at the wedding 50 years ago. Mrs. Terrian now resides in Kalamazoo. The floral centerpiece for the reception table was loaned from the wedding reception of Mr. and Mrs. David Wallin, held Saturday, April 12. Mrs. Wallin's parents and grandparents are old family friends of Mr. and Mrs. Garbett.

Cake Is Gift

The three tiered wedding cake was a gift from Mr. and Mrs. Marvin Vandeville and was baked and decorated by Mrs. Vandeville. It was served by Mrs. Joe Bertoluzza and Mrs. Vandeville. The guest book was circulated by Mrs. Nettie Seidl.

Mrs. Garbett received her guests attired in an off white dress with complimenting accessories and she was presented a golden colored rose corsage for the occasion.

Events

TOPS Club

Wait Watchers TOPS Club will meet at 7 p. m. today at the VFW Hall. A new contest will begin tonight.

Kidney Foundation

U. P. Chapter of the Michigan Kidney Foundation will be meeting at 8 p. m. Monday at the Chamber of Commerce Building. A film, "Everybody's Problem," will be shown. All interested persons are welcome.

Investment Club

The Peninsula Plungers Investment Club will meet at 7 p. m. Thursday at the First National Bank. Use the 7th St. entrance.

Chapter Z, PEO

Chapter Z, PEO will meet Thursday evening at the home of Mrs. C. H. Bohn, 611 S. 11th St. Mrs. Thaxter Shaw and Mrs. Ralph Anderson will be the assisting hostesses. The program on Brazil will be presented by Mrs. Anderson.

Film Showing

The Bay de Noc Youth Fellowship will sponsor a film, "I Hear a New Song," on April 19, at 7:30 p. m. at the Salvation Army, across from the Junior High School. Special musical numbers will be presented. The public is invited.

Camera Club

The Delta County Camera Club will meet at 7:30 p. m. Thursday at the Chamber of Commerce Building. Mrs. Agnes Gleich will show slides of places of interest in the United States. Mrs. Gerald Schneider and Mrs. Leonard Nelson are the hostesses for the evening.

Square Dance

"The Cotton 'N' Jeans Square Dance Club of Iron Mountain will hold a dance on April 19 at St. Anthony's Hall, Niagara, Wis. beginning at 8:30 p. m. Lyle Leatherman of Menasha, Wis. will be the caller.

Hairdressers

Escanaba Hairdressers, Affiliate 65, met Monday evening at the Pioneer Motel meeting room. Slides on new hair style trends were shown and Sandy Groves was the color technician present who provided information on hair coloring.

ANNOUNCEMENT IS MADE by Mr. and Mrs. Harvey Bellefeul of Wilson of the engagement of their daughter, Mary, to Paul W. Krueger of Arlington Heights, Ill., son of Mrs. Emery Stuka of Arlington Heights and Paul Krueger of Rolling Meadows, Ill. The bride-elect is a graduate of Bark River-Harris High School and Career Academy for Medical-Dental Assistants, Milwaukee. She is presently employed by Dr. William Savard, DDS, Escanaba. Her fiancé attended Northwestern Institute of Technology, Chicago and is presently an industrial engineer consultant with H. B. Maynard Co. Inc. of Pittsburgh. A June 14 wedding is planned. (Gordon Nelson Studio)

Parent's Club Meet To Feature Style Show

Holy Name High School Parent's Club will spotlight the school's home economics and industrial arts departments at the meeting on Thursday at 8 p. m. with a brief business session in the multi-purpose room.

Sister Annellus will supervise a fashion show by her first and second year sewing students, who will model their own work to illustrate progressive skills in garment making. Mrs. John Greis is assisting in preparations and Lani Norton will act as commentator with a musical background. Model, "dream houses," made

by Brother Felix's drafting classes will also be on display. Refreshments will be served by ladies of Holy Family, Flat Rock and St. Anthony parishes, with Mrs. Clarence Theoret and Mrs. Edward O'Connell, chairmen.

Parents are to bring items for the annual rummage sale to be held May 16 and 17 at the fairgrounds.

An interesting way to prepare a tomato aspic: Pour a thin layer of the tomato gelatin mixture into a mold and allow to set. Add a layer of cottage cheese mixed with minced chives and then pour on the rest of the tomato gelatin mixture. Chill until set. Unmold before serving and garnish with salad greens and pimiento-stuffed olives.

MANISTIQUE

CONGRATULATING NAT DELLIS (third from left) on his election as president of the Top O'Lake Chamber of Commerce are Howard Handorf, chairman of the ex-officio nominating committee; Ralph Gillam, vice president; Dellis, and Mrs. Jeanne Larson, a new member of the chamber's executive board. Dellis succeeds Dentor Moir as president of the chamber and was elected at a Tuesday morning breakfast meeting at the Fireside. (Daily Press Photo)

Nat Dellis New Chamber Head

Nat Dellis was elected president of the Top O'Lake Chamber of Commerce during a special board of directors meeting Tuesday morning.

Dellis, proprietor of the Surf Restaurant, succeeds Denton Moir who resigned the presidency last month after being transferred to Illinois.

The directors heard a report from Bill Putvin on new furniture for the chamber offices and welcomed Mrs. Jeanne Larson as a new member of the board.

Secretary-manager Carl Graves reported that over 21,000 folders exploiting area offerings have been distributed to various shows and mailed to interested persons. The chamber will maintain a display table at the Arts and Crafts Exhibition in Manistique on April 26.

Dellis scheduled a special meeting of the board for next Monday at 8 a.m. at the Surf.

The board will meet in regular session April 24 to hear a talk by Ray Gummerson on an overall tourist program.

Briefly Told

Central Fairview, Hiawatha and Doyle schools hot lunch menu for Thursday, April 17, will include curly roni with meat sauce, buttered corn, chocolate pudding and beverage.

An automobile driven by William Hollingshead Jr., of McMillan struck and killed a deer on U.S. 2 in Mueller Township at 7:10 p.m. Monday, State Police report. No personal injuries were reported.

Two run-aways were taken into custody by State Police on Monday. One, a 14-year-old girl from Fremont, was turned over to Delta County Probate Court officers after being apprehended in Nahma. The second run-away, a 14-year-old Manistique area youth, was returned to his parent's custody after being found by troopers at 5:10 Monday afternoon. The local youth had been reported as a run-away for only one day.

Quill and Scroll alumnae wishing to assist with the initiation and banquet of MHS Crier and Yearbook staff should call Mrs. Earl LeBrasseur at the library. The ceremony has been set for Thursday, April 24 at 6 p.m. in the Central Gym.

The City Recreation Board will meet tonight at 8 p.m. in the library. This is an important meeting and a good turnout is urged.

City Briefs

Mr. and Mrs. John Mroz of Escanaba and Mrs. Mroz sister, Mrs. Helen Krygowski of Detroit, were recent guests of Mrs. Claude Wendland, Manistique Heights.

Mrs. Frank Richards is a surgical patient in St. Vincent's Hospital in Green Bay.

Cartoonist Thomas Nast first pictured Santa Claus in today's image in an 1862 cartoon.

NOTICE

The Big Bay de Noc School Board is now accepting applications for cutting of trees on new school site which will cover 15 acres more or less. All wood and brush must be removed or burned by June 1, 1969.

Any wood sold by applicant will be considered his fee for services rendered in clearing the school site.

All applications must be submitted to the Supt. Office, Nahma, Michigan by April 21, 1969.

Details on the above may be obtained from the Supt. at Nahma School or Carl VanRemortel, Fayette, Michigan.

Robert Johnson
Secretary, Board of Education

Burning Permits Are Required

A burning permit must be secured by anyone wishing to burn off fields of grass, or any other burning, George Young, Area Fire Supervisor of the Department of Natural Resources advises.

The danger to buildings and property from wild grass fires will be at its height for the next few weeks. There is still enough snow in the woods at the present time to prevent any serious brush fire but that snow will disappear rapidly with a few warm days.

Permits may be obtained from the local Department of Natural Resource Field Office.

Seats Open On Big Bay Board

Three seats on the Big Bay de Noc School board of education will be at stake in the annual school election to be held June 9.

Terms of board members Carl Van Remortel of Fayette, Floyd Pomeroy of St. Jacques, and Mrs. Elaine Hartman are expiring. Mrs. Hartman was appointed to the board last July when her husband John was unable to serve, due to an accident.

All three incumbents are circulating petitions. Mrs. Hartman is seeking a one-year term while Van Remortel and Pomeroy are seeking reelection for four year terms to expire in June 1973.

Nominating petitions are available from the Nahma High School administration office or from Robert Johnson of Isabella, secretary of the board. Deadline for filing is 4 p. m. on May 12. All petitions must be signed by the board secretary.

A minimum of 25 signatures is required and eligible signers may not sign more than two petitions. Registration deadline for the June 9 election is 5 p. m., May 9.

Lakeside School To Come Down

The low bid of McMahon Construction Co. for dismantling the old Lakeside School has been accepted by the Manistique Area Board of Education.

Demolition of the building is expected to begin June 14, the day after school recesses for the summer, and should be completed in 10 days.

The Iron River firm bid \$5,000 for the job. Only one other bid was received, that of Charles Landers of Manistique, who bid \$7,200.

Hospital

Admitted to Schoolcraft Memorial Hospital on Monday were Ida Carlson, William Baker, Robert Johnson and Theodore Johnson.

Discharged were Tom Anderson, Sharon Renk, Angus McDonald and Charles Hinkson.

House Piles On Huge Workload

LANSING (AP) — By their votes are they known, usually. It was a bit different Tuesday as the Legislature, which has passed and sent only a handful of measures to Gov. William Milliken, sought to pile on its own workload, apparently unmindful of the long, hot summer days ahead.

Both chambers met in 14-hour sessions so clerks could drone through the titles and sponsors of some 1,000 bills dumped on them by legislators just back from a 10-day Easter recess.

An estimated 100 bills were introduced in one hefty block by an ambitious Democrat.

While the emphasis was on quantity Tuesday, somewhere there were 10 legislators who might have been the unsung heroes of the day.

But they went unknown to the clerks and any others who might have had time to appreciate them.

Gene Reynolds, Legislative Service Bureau director, estimated "at least 10" legislators each requested fewer than three bills. He declined to identify them.

Some 100 bill requests were left gathering dust in the drafting bureau, Reynolds said, because sponsors either had second thoughts or did not furnish complete information for preparing the bills.

A few representatives sought the unaccustomed peace of their desks in the near-empty House to do other work away from the telephone, but most attended committee meetings or party caucuses.

Murder Suspect

DETROIT (AP) — A 23-year-old Detroit man arrested after a robbery last Friday has been accused of first-degree murder in the April 4 slaying of a pawnbroker. Charged is Archie O'Quinn, who is being held under \$25,000 bond.

It is estimated that Americans move from one residence to another on an average of every five years.

PVT. ROGER DIXON, son of Mr. and Mrs. Chester Dixon, 414 N. Houghton Ave., recently completed his basic training at Fort Campbell, Ky. and has been transferred to Fort Polk, La., for gun training. Pvt. Dixon is a June 1968 graduate of the Manistique High School.

Seney

Fred Hollingshead is a patient at St. Luke's Hospital at Marquette.

Mr. and Mrs. Harold Emerson have returned from a visit with relatives at Grand Rapids.

Township officers who attended the Association dinner at Sunny Shores on Thursday evening were Mr. and Mrs. Dick St. Martin, Mr. and Mrs. Warren Anderson, Mr. and Mrs. Clyde Hutt and Mrs. Jennie Nelson.

Mrs. John Nyman left Friday for an Army base in Kentucky where she will visit with her husband for a few days.

Mr. and Mrs. Howard Carpenter, Mrs. Glenn McHarg, Mrs. Pearl Smith and Mrs. Mora Mark attended the OES dinner at Newberry Thursday evening.

Roy McDowell has returned from Detroit where he spent the winter months with his daughter.

Mr. and Mrs. Howard Carpenter attended a Masonic dinner at St. Ignace Saturday evening.

Mrs. George Hollingshead underwent surgery at the Helen Newberry Joy Hospital last week.

Six Named To Council Involved With Environment

LANSING (AP)—Gov. William Milliken has announced the appointment of six public members to his 15-member Council for Environmental Quality.

Milliken established the council last week following disclosures of high pesticide levels in the Great Lakes, threatening both commercial and sports fishing.

The governor previously named a group of state officials to work with the public mem-

bers to start development of an effective pesticide control plan for Michigan.

Named Tuesday were: Duane Baldwin, Stockbridge farmer and president of the Michigan Agricultural Conference; Dr. George Graff of East Lansing, natural resources manager of the Michigan State Chamber of Commerce; Dr. Casey Westell Jr. of Manistee, woodlands manager for Packaging Corporation of America;

Olga Madar of Detroit, director of the United Auto Workers recreation department; John Cantlon, Michigan State University professor of botany and plant pathology and president of the Ecology Society of America; Loring Oening of Lansing, former executive secretary of the State Water Resources Commission.

Beethoven composed only one opera, "Fidelio," in 1805.

With Mike Utt

Four Upper Peninsula athletes received the six major football and basketball awards at Northland College. In football, Mickey Raboine of Stephenson was honored as the Most Valuable Player and the best tackler while Joe Antoini of Iron Mountain received the best tackler award. In basketball, David Brown of Wakefield got the best rebounder trophy and Gordon Lake, also of Wakefield received the free throw award and was named the Most Valuable Player.

Bill Hagensick has been appointed golf professional for the Menominee Riverside Country Club, replacing Rolf Deming, who is currently on the professional golf tour. Hagensick has just completed a winter season as assistant pro at Palm Beach Lakes Golf Center in West Palm Beach, Fla., and was the pro at the Tripoli Golf Club in Milwaukee last year.

George Brunet, formerly of Houghton and now pitching for the California Angels in the American League, overcame his early spring wildness to pick up a victory in his first start of the season recently against the Minnesota Twins. Brunet threw a six-hitter before needing relief help in the ninth in the Angels' 5-3 triumph.

The Chicago White Sox have assigned pitcher Jim Magnuson of Marinette to their Columbus, Ga., farm club of the Class AA Southern League. Magnuson, a southpaw, was the top hurler for Oshkosh State University until signing with the White Sox three years ago. He trained with the American League club at its Florida camp this spring.

Barry Pierson of St. Ignace, a two-year letter winner at the University of Michigan, is the only U. P. player listed on the Wolverines' 1969 spring roster. Pierson, a senior, is a 6 foot, 175 pound defensive back.

Saturday, July 26, is the date set aside for the 1969 Upper Peninsula Soap Box Derby. Any boy wishing to enter may do so by visiting a sponsoring Chevrolet dealer with a parent or guardian, where they will receive a free rule book which includes complete instructions for building a car. The first U. P. Soap Box Derby race was run in 1957.

With the fine weather we've been having lately, the golf season will be rapidly upon us. Need a chance to sharpen up your game? Frank Beard's golf book "Shaving Strokes" will come in handy while taking the early season bugs out of your game. "Shaving Strokes" may be purchased for \$1 by stopping in at the Daily Press sports desk or calling ST 6-1021.

Hawks Put Skids On Laker Streak

ATLANTA (AP) — Zelmo Beaty says he still isn't shooting well, but he may have difficulty convincing the Los Angeles Lakers that he's off target.

Beaty poured in 17 points in the second half Tuesday night after being held to five in the first 24 minutes.

With Beaty's potent scoring, the Atlanta Hawks drubbed the Lakers 99-86 in the night's only National Basketball Association playoff game.

In addition, Beaty pulled down 15 rebounds while Bill Bridges had 13 as the Hawks nearly matched the taller Lakers off the backboards. Los Angeles held a 50-47 edge in rebounds.

The victory left Atlanta trail-

Indians Squeeze By Tigers In 10th For First Victory

CLEVELAND (AP) — Umpire Emmett Ashford is maintaining a record-breaking pace as the young American League season unfolds.

Tuesday he clashed with Detroit first baseman Norm Cash, normally an easy going guy. As usual Ashford won, kinda.

In the first week of the season the 51-year-old umpire has

been involved in more than a half-dozen rhubarbs and has come out the winner in most—if not all of them.

Cash objected to a called third strike in Tuesday's 3-2 loss to Cleveland and was ejected from the game in the eighth inning. But Cash remained in the dug-out after being ejected, only because Ashford couldn't see him.

"I thought he had left," said Ashford, an American League umpire since 1965 "I warned him once when he hollered out from the dugout. He did it again and that's when I put him out of the game."

Cash called Ashford a butcher. Cash wasn't the only one beefing. Cleveland's Zoilo Versalles complained bitterly in the seventh when called out on strikes

with the bases loaded.

Cleveland Manager Alvin Dark came out to talk with Ashford, but lost.

In the early innings the Tigers held one-run leads on two occasions. Willie Horton hit his second homer of the season in the second to forge a 1-0 lead. But the Indians tied the score in the same inning on Jose Azcue's first home run of the year.

It was Jose Cardenal's sacrifice fly in the 10th inning which allowed Max Alvis to score giving the Indians the victory, their first after five losses.

With the score tied 2-2 Alvis singled and ratched third on another single—this by Cap Peterson who liked the first pitch from reliever Pat Dobson.

"He threw me a breaking pitch," said Peterson. "I'm not

strong enough to pull breaking balls so I went to right field with it."

The Tigers lost a 2-1 lead in the seventh when Cardenal singled, moved to second on a walk, stole third and scored on Tony Horton's infield out.

The Tigers meet Cleveland again tonight with Denny McLain taking a 1-1 record to the mound for Detroit.

Broncos Sign Draft Choice

DENVER (AP) — The Denver Broncos of the American Football League said Tuesday they have signed their seventh-round draft choice, Al Griffin of Auburn University.

Griffin, 6-foot-3 and 229 pounds, will be given a trial at tight end with the Broncos. Denver now has signed eight of its 17 draft choices.

Jahn Gets Emerald Cage Coaching Job

Norman Jahn

MANISTIQUE — Norman B. Jahn was selected basketball coach from a field of five applicants during Monday night's board of education meeting.

Other applicants for the job to succeed Rudie Brandstrom, recently appointed athletic director, included Howard Schwartz and Seb Rubick of the local faculty, and two outside applicants.

Jahn is a 1950 graduate of Manistique High School and attended the University of Detroit and Central Michigan University, receiving his BS degree from Central in 1959.

The new coach taught and coached at Cooks High School for seven years before joining the MHS faculty in September, 1967. He is the son of Mr. and Mrs. Norman W. Jahn, 519 Cherry St. and served in the U. S. Navy from January 1951 to December 1955.

His wife, the former Bette Jean Haindl of Cooks, is a first grade teacher at the Lakeside

School. The Jahn's and their three sons reside at 608 Manistique Ave.

Johnson, Kosco Provide Heroics To Send Teams On Winning Roads

By The Associated Press
Alex Johnson tapped out a fast tempo and Andy Kosco picked up the beat. For San Francisco and San Diego, it was the Birth of the Blues.

Johnson drove in five runs with two homers and a grand slam, then tripped in the 12th inning and scored on Johnny Bench's single, sending the Cincinnati Reds past San Francisco 11-10 Tuesday night in a wild slugfest.

"Natural rhythm," the Reds' outfielder replied when asked to account for his rampage. "The ball is jumping off a little better."

Kosco, meanwhile, drummed out a grand slam homer and two-run double as the Los Angeles Dodgers ruined Johnny Podres' homecoming and crushed the San Diego Padres 14-0 behind the three-hit pitching of Claude Osteen.

Elsewhere in the National League, the New York Mets trimmed Philadelphia 6-3, snapping a four-game losing string. Houston topped Atlanta 4-2 behind rookie right-hander Tom Griffin. St. Louis edged Montreal 4-3 and Chicago beat Pittsburgh 7-4.

The Reds came from behind three times to deadlock San Francisco before winning in the 12th. After Johnson led off with a triple into the right field corner off Gaylord Perry, the Giants reliever filled the bases on two intentional walks.

Bench, who had fanned with two on and two out in the 10th, promptly broke up the game with the Rede's 20th hit.

"I didn't deliver the next to last time I was at bat," he said, "but I told them in the dugout, 'I'm going to win this game if I get another chance.'"

Each team scored three runs in the ninth and the Giants took a 10-8 lead in the 10th on successive homers by pitcher Mike McCormick and Willie Mays. But Johnson's bases-loaded ground out and Lee May's sacrifice fly pulled Cincinnati even again in the bottom of the 10th.

"It was a long, hard, tough one to lose," said Giants Manager Clyde King. "That's all you can say about this game."

Kosco, traded to Los Angeles by the Yankees last winter, matched the Dodgers' single game RBI mark since they went west in 1958 by tagging ex-Dodger ace Podres for his first grand slam in the majors and doubling in two runs against reliever Jack Baldschun.

The bases-loaded blast keyed a six-run fifth-inning uprising against Podres, which broke up a scoreless duel. Tom Haller later swatted a three-run homer, helping Osteen breeze to his second full-route victory in the Dodgers' home opener.

"Everyone on this club has more confidence and determination," said Osteen, who lost 18 of 30 decisions 1968. "Last year was the first sub .500 for me on this club and I didn't like it . . . and I don't want to see it again."

"I was not too happy to be traded by the Yankees since I

NEW BUCK — General Manager John Erickson of the Milwaukee Bucks holds up a team jersey to see how the newly acquired Lew Alcindor would look in it. Alcindor, the club's first choice in the NBA draft, was holding a news conference Monday during his first visit to Milwaukee. (AP Wire-photo)

Twins Hold A's To Get Victory

By The Associated Press
Minnesota Manager Billy Martin went out of his way not to talk to Ron Perranoski and the ace reliever responded with a silent treatment of his own.

The Twins managed to hang on to a 5-4 victory over Oakland Tuesday but not before the A's rallied for two ninth-inning runs and had runners at first and second with two men out.

Perranoski was summoned in from the bullpen and the count on Ted Kubiak reached 3-1 when Martin, angered by plate umpire Jerry Neudecker's calls, raced to the mound as if to talk to his pitcher.

"I wanted to go out and talk to the umpire," said Martin. "I figured if I pretended to talk to Perranoski I wouldn't get thrown out of the game."

"Neudecker said 'Are you taking him (Perranoski) out?' and I said no. He told me to leave. So I asked him how his family was and left," Martin said.

Kubiak then walked to load the bases but Perranoski got Campy Campaneris to hit a game-ending forecourt grounder and the Twins had their second straight victory after four losses.

In other American League games, Cleveland won its first game after five consecutive defeats, 3-2 over Detroit in 10 innings. New York slammed Washington 8-2 and Baltimore dropped Boston 10-5. Chicago, Kansas City, Seattle and California were not scheduled.

Minnesota got homers from Rich Reese, Harmon Killebrew and Tony Oliva but a ninth-inning run-scoring single by Oliva proved the winner. Killebrew's blast was the 399th of his career.

Jose Cardenal's sacrifice fly scored Max Alvis in the 10th inning for the Indians' first victory. Alvis singled with one out and moved to third on pinch-hitter Cap Peterson's hit before Cardenal lifted his fly to right.

Bobby Murcer cracked a single, double and home run, driving in four runs as the Yankees overpowered Washington in New York's home opener before

a crowd of 13,889.

Rookie centerfielder Jerry Kenney put the Yanks ahead to stay 3-2 with a run-scoring single in the sixth and then clinched the victory with a five-run seventh as Joe Pepitone slammed a two-run clout.

Don Buford's third straight single broke a 5-5 tie and Frank Robinson followed with a three-run homer as the Orioles exploded for five runs in the eighth inning.

Buford's two other singles knocked in runs and Robinson, who has hit in all eight Oriole games, added a triple and double in addition to his fourth circuit clout. Mike Andrews had a four-bagger for the Red Sox.

Four Animals Released:

Pine Martin Returns To U.P.

BY DAVE ANDREWS

RAPID RIVER—The American pine marten, a member of the weasel family which disappeared from Michigan in the late 1920s, returned to the Upper Peninsula Tuesday.

Four of the animals trapped in Ontario were released near the East Branch of the Whitefish River in a cooperative program between the Michigan Dept. of Natural Resources and the U. S. Forest Service.

Joseph Vogt, DNR game biologist for the Escanaba district, said that plans call for about 70 martens to be released in the area in hopes of reestablishing a native population.

Five Year Effort

William Taylor of the U. S. Forest Service, Escanaba, said the release climaxed an effort which began five or six years ago to get pine martens back in the Upper Peninsula.

"I'm real pleased," he said.

A small, fur bearing animal, the pine marten at one time was a resident of most of Michigan. By the late 1920s, however, it had largely disappeared due to overtrapping and heavy logging which destroyed its natural habitat.

Vogt said the primary purpose for restocking pine martens in the Upper Peninsula is not to provide another animal for trapping, but rather for "ecological reasons."

Vogt and Taylor pointed out that the pine marten, which is a little larger than a squirrel, once was abundant in the area and the release of martens again hopefully will fill the "niche in nature" left vacant when the animals disappeared.

Three males and a female were released Tuesday afternoon. The martens were flown to Marquette from Port Arthur, Ontario, and then driven to the Whitefish area for tagging and release.

One of the males was in poor condition, however, and Vogt expressed concern for its survival. The other three animals bounded away into the woods and the female immediately located part of a deer carcass and dragged away a portion of

LOU VERME, head of the Cusino Wildlife Research Station, left, and Joseph Vogt, Escanaba district game biologist for the Department of Natural Resources, position a pine marten in a mesh cage Tuesday to ear tag the animal before it was released near the East Branch of the Whitefish River. hide, apparently to begin building a nest.

Females Pregnant

Vogt explained that females are pregnant at this time of year and in the near future will bear from two to five young martens. The young animals grow to adults in about three months.

Each of the four animals, released was ear-tagged by Lou Verme, head of the Cusino Wildlife Research Station.

From their metal cages, biologists transferred the martens into a burlap bag, then nosed them into a restrictive mesh cone for the tagging.

An attempt at reestablishing pine martens in the Porcupine Mountains in the late 1950s was unsuccessful, possibly because of migration of the animals. Biologists believe that young born in the Whitefish area will not migrate because their "homing" instinct will be to the area where they were born.

Hopefully, Vogt said, the females will be more interested in finding a place to "have their families" than in migrating toward home.

Young martens born in the Upper Peninsula this spring will have their "homing" instinct established to the Upper Peninsula.

Future releases are scheduled in the Whitefish areas as soon as the animals can be trapped and brought to the U. P.

Franchises

WASHINGTON (AP) — Sen. Philip A. Hart, D-Mich., has announced he will introduce legislation to make franchisees "more independent businessmen and less branch managers." Hart's bill is designed to "take some sting out of cancellation and termination of franchises."

Hospital

Fred Myrsten of Bark River is a patient at the Illinois Masonic Hospital, Chicago, Ill. His room is 550.

Pat Saykly Is Rotary Speaker

Patricia Saykly, 15, a Holy Name High School sophomore who won a \$50 local prize in a Mead Corp. essay contest on science, told the Escanaba Rotary Club about the contest and her participation at the club's luncheon meeting in the House of Laidington Tuesday.

She wrote in the biology contest on "The Balance of Nature" and described her home experiment with jars of plants and snails, in which she achieved a balance of the two with four plants and two snails. Pat's essay will be entered in the Mead national competition at Chillicothe, O., on May 16 with chance for a \$200 prize and a \$1,000 scholarship.

Rotary President Richard Rinehart said: "It should remind us that our youth is busy at a lot of other things than campus protest marches."

Carpenters Plan Safety Meeting

Carpenters and millwrights of Local 1832, Escanaba, will take part in a safety conference on Wednesday, April 16, at Carpenters' Hall at 7 p.m.

Ray Lepola of the Michigan Department of Labor, Construction Safety Division, will be instructor. All millwrights and carpenters are invited. Lepola will show several films on construction safety, says Neil F. Kositzky, business representative of Carpenters Local 1832.

200 To Go With Dearden To Rome

DETROIT (AP) — Some 200 persons are expected to accompany Archbishop John F. Dearden to Rome April 25 for his installation in the College of Cardinals.

Included in the official party, which will depart from Detroit Metropolitan Airport, will be all the Catholic bishops of Michigan and the archbishop's sister and three brothers.

Installation ceremonies are scheduled for April 28, when the new cardinals are officially notified of their elevation, April 30 when they receive the insignia of their new office and May 1, when a mass in St. Peter's will be conducted.

The party will return to Michigan May 4.

Tentative County Budget Shows 16 Per Cent Rise

A tentative operating budget for Delta County of \$832,843 for 1970—an increase of over 16 per cent from 1969 appropriations—was adopted Tuesday night by the Board of Supervisors.

The budget will be submitted to the County Tax Allocation board for consideration with school district budgets later this month before allocation.

County Clerk William E. Butler indicated that the county would need about 7.06 mills from the allocation board to balance income with spending.

The county presently receives 5.2 mills.

The Board of Supervisors also gave approval to a proposed Driver Education school to be established in Delta County.

The school would provide for "re-education" of drivers who have had drivers licenses revoked by the State of Michigan or District Court. Board Chairman Frank Stupak said drivers whose licenses are revoked could be required by the courts to attend 10 hours of class in the school before the license would be restored.

The course would be financed by drivers taking it with materials provided by the state. In other business, the Board agreed to a new three-year contract with the Delta County Deputies Association negotiated by deputies and the board's personnel committee.

The contract provides for cost-of-living increments, a new insurance package plus additional wages for deputies actually working Sundays or holidays.

Garden Peninsula Road To State?

A resolution asking the State Highway Dept. to take over County Rd. 483 from U.S. 21n Garden Township to Fayette State Park under a state law which provides for state maintenance of roads leading to state parks was adopted by the Board of Supervisors Tuesday night.

The resolution pointed out that park traffic has contributed to deterioration of the road and asked the State Highway Dept. to make the road a part of the state highway system and thus eligible for state financing for reconstruction and/or repair.

tion of the county's 15 mill tax is made.

The tentative budget shows expected spending for 1970 to be \$117,969 over 1969.

Major increases over 1969 appropriations were included in the Contingency Fund, up \$28,200 to \$75,000; appropriation, up \$17,290 to \$40,465; District Court, up \$9,791 to \$40,021; the Delta County Planning Commission, up \$19,500 to \$25,500; state institutions fund of Probate Court, up \$15,000 to \$50,000, the Sheriff's Dept., up \$8,439 to \$57,359, and to the District Health Dept., up \$10,661 to \$50,460.

An \$18,000 reduction was made in the budget for the Dept. of Social Services, where additional state and federal programs have been paying a greater share of the cost.

Other county departments generally showed smaller increases.

Demos Split On Slashing Budget

WASHINGTON (AP) — Two Democratic congressmen who collaborated last year to force a massive cut in federal spending differed today over whether a similar slash can be repeated.

Wilbur D. Mills, Arkansas and George H. Mahon of Texas, the heads of two key House financial committees, also took different positions on President Nixon's claim that he has sharply cut former President Lyndon B. Johnson's budget and made possible a \$5.8 billion surplus.

Mills, chairman of the Ways and Means Committee, contended the Nixon budget represents an actual deficit in ordinary government operations.

He said Congress should consider a spending ceiling to force an additional \$5 billion slash.

But Mahon, who heads the Appropriations Committee, said he is not sure how much more the budget can be reduced and added, "I would like to avoid a spending ceiling if I could."

As heads of the committees that act on revenue raising and spending, Mills and Mahon collaborated last year to force a mandatory \$6 billion spending cut in exchange for granting Johnson's requested 10 percent income surtax.

Mills' committee, now working on general tax reform, plans to take time out soon to consider Nixon's recommendation that the surtax be continued for another year past its June 30 expiration date.

Mills would like to couple a spending cutback to the extension.

Briefly Told

State Police issued a traffic summons Tuesday to Thomas Gross, Rte. 1, Gladstone, speeding.

A breaking and entering at a home owned by Henry Cominess, Rapid River, is under investigation by State Police. Cominess told officers that a number of assorted articles are missing.

Youth Conference

DETROIT (AP)—A U.S. State Department Youth Conference will be held April 23 at the Lawrence Institute of Technology to discuss the problem of China and the Middle East.
